

London Training Hubs

First Contact Practitioner Roadmap

Supervisor Online Training

Various Dates Available

We are pleased to announce dates are now available for those wishing to become First Contact Practitioner (FCP)/Advanced Practice (AP) Roadmap Supervisors.

The training is over 2 days and in order to qualify, you are required to attend and complete both days. Please register for the first session (link below); the second session will be one week after the first session and all details will be sent to you once you are registered.

First Contact Practitioner (FCP)/Advanced Practice (AP) Roadmap Supervisors will be responsible for:

- Day to day clinical supervision within the clinical setting – debriefs – ensuring patient and practitioner safety
- Undertaking the Workplace-based Assessments (WPBA) listed in the Roadmap, using the WPBA tools provided
- Verifying practice via review of portfolio of evidence against the Roadmap capabilities

Supervisors must have completed the 2-day Roadmap Supervision Course to supervise FCPs and APs.

Eligibility Criteria to be a Roadmap Supervisor. You must be working in London and:

- A GP Trainer - (Educational Supervisors do not need to do the 2 day course but can attend an optional Multi-professional top up half day)
- A GP
- An AHP Consultant Practitioner
- An Advanced practitioner holding a full ACP Masters degree
- Hold a full post graduate Masters degree and work in the area of practice that you will be supervising
